

3M WX36i

3M WX36i

The 3M WX36i LCD projector has 3000 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a lamp life of 5000 hours, which converts to over 6.8 years at 2 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector will be able to illuminate the 556 cm picture width well. However, if room lighting is available, the picture width should ideally not exceed 371 cm. The model is also Full HD 1080P compatible. The model built in 2012 is no longer offered by 3M.

Brief Introduction

Display Type

3 x 0,59" LCD TFT Panel
WXGA 16/10 Liquid Crystal Display
