

Epson USA PowerLite Z8350W/NL

EPSON USA POWERLITE Z8350W/NL

The Epson USA PowerLite Z8350W/NL LCD projector has 8500 Ansi lumens, a contrast of 5000:1 and a WXGA 1280 x 800 resolution. The projector also offers a lens shift function, which makes image adjustment childs play. Thanks to the brightness of 8500 Ansi lumens, an image width of 937 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 625 cm). If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. It is also Full HD 1080P compatible. The model built in 2012 is no longer offered by Epson USA.

 3 x LCD TFT Panel
