

LM3X LAZR 4G

LM3X LAZR 4G

Brief Introduction

Beta 2.5

The LM3X LAZR 4G DLP projector has 6000 Ansi lumens and a WUXGA 1920 x 1200 resolution. The integrated media player can play files directly. Thanks to the brightness of 6000 Ansi lumens, a picture width of 787 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 525 cm). The projector has Chromecast, screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. It is also Full HD 1080P compatible.
