

Liesegang Luxor plus

LIESEGGANG LUXOR PLUS

Brief Introduction

Beta 2.5

A brief introduction to the Luxor plus: The Liesegang high-end home cinema DLP projector offers 850 Ansi lumens, a contrast of 2500:1 and an HDTV 1280 x 720 resolution. The built-in lens shift and keystone correction function provides freedom in projection adjustment. The projector can illuminate an image width of up to 296 cm thanks to its 850 Ansi lumens. In room lighting, however, the image width should ideally be less than 197 cm. At just 28 decibels, the device is one of the quieter projectors. The projector was launched in 2004 and is no longer sold by the manufacturer.

Display Type

1 x 0,8" HD2+ DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
