

S28 DLP PROJECTOR

1902611

Overview

Give your presentations a little sparkle! The Nobo range of DLPs® are small and light, yet deliver a powerful punch! They enable you to present with real confidence even on to large screens, delivering a sparkling image with excellent highlight and shadow detail. Simple to use and easy to set-up they allow you to deliver a real performance to be proud of!

Designed for smaller meeting rooms and for those on a tight budget the S28 DLP projector offers excellent performance. Standard SVGA resolution (800 x 600) provides clear sharp images, while the ultra bright 2800 ANSI lumens lamp and a 3000:1 contrast ratio provides sparkling image quality

Description

Designed for smaller meeting rooms or classrooms and for those with a limited budget, the Nobo S28 DLP® Projector is the economical yet high performance choice incorporating all the benefits of DLP® technology.

Versatile: from detailed technical drawings and spreadsheets to corporate videos, movies and photos, you can share all types of digital information with this excellent projector which is

compatible with both Macintosh and PC. You can even switch between media in a single session for a dynamic and memorable presentation.

Weighing just 2.3kg, it's easy to carry the Nobo S28 DLP® Projector between meeting rooms or ceiling mount it for permanent use in a single location. A universal ceiling mount can be purchased separately and includes an extension pole that is ideal for rooms with high ceilings.

Precise: your audience is sure to appreciate the impressive DLP® imagery produced by this efficient system. With an ultra-bright, 2800 ANSI lumens bulb and high contrast ratio of 3000:1, the Nobo S28 DLP® Projector guarantees superb black and white differentiation for highly legible text and sparkling image quality.

Standard SVGA resolution (800 x 600 pixels) provides clear, sharp images and rich, vibrant colours to bring your presentations to life.

User-friendly: whether you're a technical expert or a novice, the Nobo S28 DLP® Projector is quick and easy to set up using the user-friendly control panel or handy remote control.

For your peace of mind, the S28 comes with a permanent, bar-coded security plate incorporating a unique registration number to actively deter theft and make recovery more likely.

The Nobo S28 DLP® Projector comes with a comprehensive selection of accessories including a remote control, 1.8 metre power cord, VGA cable, User Manual, Quick Start Card and 2 x AAA batteries so you have everything you need to get started. And it is backed by a 3 year manufacturer's warranty so you can purchase with confidence.
