Data

A brief introduction to the Acer 7743. The stationary LCD projector has an SVGA 800 x 600 resolution and a contrast of 200:1. An image width of up to 138 cm is possible. However, the image should be smaller in room light. We recommend max. 92 cm. It is no longer offered by the manufacturer Acer. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.

1 x 6,4 LCD TFT Panel
SVGA 4/3 Liquid Crystal Display

250
200:1 full on/off
