

# Acer P1623

ACER P1623

The standard portable P1623 3D BrilliantColor DLP projector from Acer has 3500 Ansi lumens, a contrast of 20000:1 and a WUXGA 1920 x 1200 resolution. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the image. 3500 Ansi lumens ensure that a picture width of 601 cm is also possible. The projector creates rooms with residual light with a smaller image width, max. 401 cm is recommended. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P and 3D compatible. The model built in 2016 is no longer offered by Acer.
