ACER B4B X1326WH

A brief introduction to the B4B X1326WH: The Acer 3D DLP projector offers 4000 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 15000 hours, which is over 20.5 years if enjoyed for two hours every day. An image width of up to 643 cm is possible as the projector has 4000 Ansi lumens. The projector creates rooms with residual light with a smaller image width, max. 429 cm is recommended. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. Even 1080P video signals and 3D are no problem for the projector. On the market since 2017, the model is no longer offered by the manufacturer Acer.
