The Acer C120 Game-Portable LED DLP projector has 100 Ansi-Lumen, a contrast of 1000:1 and a WVGA 854 x 480 resolution. Thanks to the LEDs, the projector has a light life of up to 20000 hours, which is equivalent to over 13.7 years at 4 hours of use. The projector can illuminate an image width of up to 102 cm well thanks to the 100 Ansi lumens. In room light, however, the picture width should ideally be less than 68 cm. At just 30 decibels, the device is one of the quieter projectors. On the market since 2012, the model is no longer offered by the manufacturer Acer, but is still one of the very popular projectors.
