

# Acer C200

ACER  
C200

## Brief Introduction

Beta 2.5

The Acer C200 LED DLP projector has 200 Ansi lumens, a contrast of 2000:1 and a WVGA 854 x 480 resolution. The lifespan of the LEDs is 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector can illuminate a picture width of up to 144 cm well thanks to the 200 Ansi lumens. In room light, however, the image width should ideally be less than 96 cm. Thanks to the built-in 6700 mAh battery, no power supply is required for up to four hours, allowing the projector to be set up quickly and flexibly. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The model is also Full HD 1080P compatible. With only 29 decibels of operating noise, the model is already very quiet compared to others. This model is no longer offered by Acer.

1 x 0,3" DMD DLP Chip  
WVGA 16/9 Ti Digital Light Processing Chip
