

Acer H5380BD

ACER H5380BD

The Acer H5380BD home cinema 3D DLP projector has 3000 Ansi lumens, a contrast of 13000:1 and an HDTV 1280 x 720 resolution. The lamp in the projector is specified with a lamp life of 5000 hours, which is over 6.8 years if enjoyed for two hours every day. 3000 Ansi lumens ensure that a picture width of 556 cm is also possible. However, if room light is available, the picture should be a maximum of 371 cm wide. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The projector can also display 1080P and 3D without any problems. This model is no longer offered by Acer, but is still a popular projector in our database.

Brief Introduction

Beta 2.5

Display Type

1 x 0,62 DC3 DLP Chip
