

Acer H5383BD

ACER H5383BD

Brief Introduction

Beta 2.5

The home cinema H5383BD 3D DLP has 3400 Ansi lumens, a contrast of 20000:1 and an HDTV 1280 x 720 resolution. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years if enjoyed for two hours a day. 592 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 395 cm. Playing 1080P is also no problem for the projector. At 30 decibels, the projector is very quiet compared to other projectors. The model built in 2017 is no longer offered by Acer.
