

Acer H6536BD

ACER H6536BD

The H6536BD 3D DLP has 4000 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies a lamp life of 10000 hours, which is over 13.7 years if enjoyed for two hours a day. The ambient light sensor allows the projector to automatically optimize the projected image. The horizontal and vertical keystone correction provides leeway when setting up. 4000 Ansi lumens ensure that an image width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. The model is also Full HD 1080P and 3D compatible. The model built in 2021 is no longer offered by Acer.
