The Acer H6542BDK 3D DLP home cinema projector has 4000 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. The manufacturer Acer specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. The ambient light sensor allows the projector to automatically optimize the projected image. An image width of up to 643 cm is possible as the projector has 4000 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. It is also Full HD 1080P and 3D compatible.
