

Acer H9501BD

ACER H9501BD

The Acer H9501BD 3D BrilliantColor DLP projector has 2100 Ansi lumens, a contrast of 50000:1 and an HDTV 1920 x 1080 resolution. With the lens shift function, the projector can be positioned very freely. An image width of up to 466 cm is possible as the projector has 2100 Ansi lumens. However, if there is room light, the image should be a maximum of 311 cm wide. Playing 1080P and 3D is also no problem for the projector. The operating noise of just 30 decibels makes the projection quiet. This model is no longer offered by Acer.

1 x 0,65" DC2 DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
