

Acer P1283

ACER P1283

Brief Introduction

Beta 2.5

The P1283 3D DLP projector from Acer has 3000 Ansi lumens, a contrast of 13000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. 477 cm picture width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 318 cm. A smartphone with an MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Playing 1080P and 3D is also no problem for the projector. This model is no longer offered by Acer.

1 x 0,55" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip
