

Acer P1355W

ACER P1355W

A brief introduction to the Acer P1355W. The DLP projector has a WXGA 1280 x 800 resolution and a contrast of 20000:1. The lamp life is specified by the manufacturer as 15000 hours, which converts to over 20.5 years at 2 hours per day. A picture width of up to 643 cm is possible, if the picture width is smaller (we recommend max. 429 cm), rooms with residual light are also no problem. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. It is also Full HD 1080P and 3D compatible.

1 x 0,65" DLP Chip
