

Acer P1555

ACER P1555

Brief Introduction

Beta 2.5

A brief introduction to the P1555: The Acer 3D DLP projector offers 4000 Ansi lumens, a contrast of 10000:1 and HDTV 1920 x 1080 resolution. The lamp of the projector is specified with a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 643 cm is possible as the projector has 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). Playing 1080P and 3D is also no problem for the projector.
