

Acer P7205

ACER P7205

The stationary P7205 BrilliantColor DLP has 5500 Ansi lumens, a contrast of 3200:1 and an XGA 1024 x 768 resolution. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 5500 Ansi lumens, an image width of 646 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 431 cm). It is also Full HD 1080P compatible. The model built in 2010 is no longer offered by Acer.
