With the PD725, manufacturer Acer offers a standard portable DLP projector with XGA 1024 x 768 resolution and a contrast of 2000:1. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. A picture width of up to 493 cm is possible. However, the image should be smaller in room light. We recommend max. 329 cm. The projector was launched in 2004 and is no longer sold by the manufacturer.

1 x DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

Projector
