

Acer PL6520

ACER PL6520

The Acer PL6520 laser DLP projector has 6000 ANSI lumens, a contrast ratio of 50000:1 and HDTV 1920 x 1080 resolution. The manufacturer specifies a laser lifetime of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. The projector can illuminate images up to 787 cm wide thanks to its 6000 ANSI lumens. The projector can handle rooms with residual light with a smaller image width; we would recommend a maximum of 525 cm. The projector can also play 1080P and 4K (compressed) without any problems. Even projection onto the ceiling is possible thanks to the 360° projection.
