

# Acer SL6610T

ACER SL6610T

## Brief Introduction

Beta 2.5

The Acer SL6610T standard portable laser DLP projector has 5000 Ansi lumens, a contrast of 2000000:1 and an HDTV 1920 x 1080 resolution. The manufacturer Acer specifies a service life of 30000 hours, which is equivalent to over 20.5 years at 4 hours of use. Horizontal and vertical keystone correction makes setting up the picture childs play. Thanks to the brightness of 5000 Ansi lumens, a picture width of 718 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 479 cm). A smartphone with an MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). Playing 1080P and 4K (compressed) is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360° projection.
