

Acer V6810

ACER V6810

Brief Introduction

Beta 2.5

The home cinema V6810 3D BrilliantColor DLP projector from Acer has 2200 Ansi lumens, a contrast of 10000:1 and a UHD (4K2K) 3840 x 2160 resolution. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. A picture width of up to 477 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 318 cm. Playback of 1080P and 4K as well as 3D is also no problem for the projector, which means that all Blu-ray formats currently available can be recognized by the projector. With only 30 decibels of operating noise, the model is already very quiet compared to others. On the market since 2018, the model is no longer offered by the manufacturer Acer.

Display Type

1 x 0,47" DLP UHD DMD Chip
HDTV 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

2200 / 1760 im Eco Mode 978 Lux (bei 200 cm Screen)

Contrast
