

# Acer X1126H

ACER X1126H

## Brief Introduction

Beta 2.5

The Acer X1126H standard portable 3D DLP projector has 4000 Ansi lumens, a contrast of 20000:1 and an SVGA 800 x 600 resolution. The manufacturer specifies a lamp life of 15000 hours, which is over 20.5 years if enjoyed for two hours every day. 4000 Ansi lumens ensure that a picture width of 551 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 367 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. Playing 1080P and 3D is also no problem for the projector. This model is no longer offered by Acer.
