

Acer X1161 / 3D

ACER X1161 / 3D

Brief Introduction

Beta 2.5

The Acer model X1161 / 3D is a DLP projector with SVGA 800 x 600 resolution and a contrast of 4000:1. 2500 Ansi lumens ensure that a picture width of 435 cm is also possible. However, if room light is available, the picture should be a maximum of 290 cm wide. Playing 1080P is also no problem for the projector. With only 30 decibels of operating noise, the model is already very quiet compared to others. The model built in 2009 is no longer offered by Acer.
