

Acer X1230K/P

ACER X1230K/P

Brief Introduction Beta 2.5

The Acer model X1230K/P is a DLP projector with XGA 1024 x 768 resolution and a contrast of 2000:1. The projector can illuminate images up to 408 cm wide thanks to its 2200 Ansi lumens. In room lighting, however, the image width should ideally be less than 272 cm. Even 1080P video signals are no problem for the projector. The projector was launched in 2009 and is no longer sold by the manufacturer.
