

Acer X1230S

ACER X1230S

Brief Introduction

Beta 2.5

The Acer model X1230S is a DLP projector with XGA 1024 x 768 resolution and a contrast of 2500:1. The projector will be able to illuminate a picture width of 427 cm well. However, if room light is available, the picture width should ideally not exceed 285 cm. Furthermore, the projector can play 1080P without any problems. The operating noise of just 30 decibels makes the projection quiet. The model was built by Acer in 2010 and is no longer current.
