

Acer X1623H

ACER X1623H

Brief Introduction

Beta 2.5

A brief introduction to the X1623H: The Acer 3D DLP projector offers 3500 Ansi lumens, a contrast of 10000:1 and a WUXGA 1920 x 1200 resolution. The lamp life is up to 10000 hours, which is over 13.7 years if enjoyed for two hours a day. The horizontal and vertical keystone correction provides leeway when setting up. 3500 Ansi lumens ensure that a picture width of 601 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 401 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. 1080P playback is also no problem for the projector. It was launched in 2018 and is no longer offered by the manufacturer Acer, but is still very popular in our projector database.

1 x 0,48" DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip
