

ACTO AT X5200

ACTO AT X5200

A brief introduction to the AT X5200: The ACTO LCD projector offers 2000 Ansi lumens, a contrast of 600:1 and an XGA 1024 x 768 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 389 cm is possible. However, the image should be smaller in room light. We recommend max. 259 cm. The operating noise of only 30 decibels makes the projection quiet. This model is no longer offered by ACTO.
