

AKATUO AK-26

AKATUO AK-26

Brief Introduction Beta 2.5

Brief introduction to the AKATUO AK-26. The LCD LED projector has HDTV 1920 x 1080 resolution and a contrast ratio of 1500:1. It is an LED projector with a light life of 40,000 hours, which would be over 27.4 years if viewed for 4 hours a day. Since AKATUO specifies the brightness of the projector in lumens, we have calculated an approximate ANSI lumen value in this case. A picture width of up to 136 cm is possible. However, the picture should be smaller in room lighting. We recommend a maximum of 91 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. The projector can also play 1080P and 4K (compressed) without any problems.

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

228 / 3000 Lumen

101 Lux (200 cm Screen width)

Contrast
