

Anders + Kern EMP 505

ANDERS + KERN EMP 505

The Anders + Kern model EMP 505 is an LCD projector with SVGA 800 x 600 resolution and a contrast of 400:1. The projector also offers an integrated media player with which files can be played directly. A picture width of up to 289 cm is possible. However, the image should be smaller in room light. We recommend max. 193 cm. The model built in 2001 is no longer offered by Anders + Kern, but is still a very popular projector.
