

Anker Nebula Capsule II

ANKER NEBULA CAPSULE II

award

Brief Introduction

Beta 2.5

The Nebula Capsule II DLP has 200 Ansi lumens, a contrast of 1500:1 and an HDTV 1280 x 720 resolution. The projector can illuminate images up to 144 cm wide thanks to its 200 Ansi lumens. In room light, however, the image width should ideally be less than 96 cm. The model is also Full HD 1080P compatible. The model built in 2019 is no longer offered by Anker, but is still one of the very popular projectors.
