

ANKOUJA Projector 720P

ANKOUJA PROJECTOR 720P

A brief introduction to the 720P projector: The ANKOUJA micro-portable LCD projector offers 650 Ansi lumens and an HDTV 1280 x 720 resolution. 259 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 173 cm. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Even 1080P video signals are no problem for the projector.
