

Asus H1

ASUS H1

A brief introduction to the Asus H1. The DLP LED projector has an HDTV 1920 x 1080 resolution and a contrast of 800:1. It is an LED projector with 30000 hours of light life, which converts to over 20.5 years at 4 hours per day. As Asus specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector can illuminate a screen width of up to 136 cm well thanks to the 180 Ansi lumens. In room lighting, however, the picture width should ideally be less than 91 cm. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.

Brief Introduction Beta 2.5

Display Type

1 x DMD DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

180 / 3000 Lumen

80 Lux (bei 200 cm Screen)

Contrast

800:1
