

Asus P1M

ASUS P1M

Brief Introduction

Beta 2.5

A brief introduction to the P1M: The Asus LED DLP projector offers 200 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The lifespan of the LEDs is 30000 hours, which converts to over 20.5 years at 4 hours per day. Includes an integrated media player that can be used to play files directly. A picture width of up to 144 cm is possible. However, the picture should be smaller in room light. We recommend max. 96 cm. The projector is very quiet compared to others with 28 decibels of operating noise. This model is no longer offered by Asus.
