

Aubor P2

AUBOR P2

With the P2, manufacturer Aubor offers a micro-portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 15000:1. It is an LED projector with a light life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. It includes an integrated media player that allows files to be played directly. An image width of up to 352 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 235 cm. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080P and 4K (compressed). With an operating noise of only 27 decibels, this model is very quiet compared to others.

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

1200

533 Lux (200 cm Screen width)
