

AVANZA WU9

AVANZA WU9

The WU9 3D Laser DLP has 7200 Ansi-Lumen, a contrast of 10000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer AVANZA specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The projector also offers a lens shift function that makes image adjustment childs play. An image width of up to 862 cm is possible as the projector has 7200 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 575 cm. Playing 1080P is also no problem for the projector. It was launched in 2015 and is no longer offered by the manufacturer AVANZA.
