

Avio iP 02U

AVIO IP 02U

Brief Introduction

Beta 2.5

A brief introduction to the iP 02U: The Avio BrilliantColor DLP projector offers 3000 Ansi lumens, a contrast of 1500:1 and an XGA 1024 x 768 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. The projector can illuminate an image width of up to 477 cm thanks to its 3000 Ansi lumens. In room lighting, however, the image width should ideally be less than 318 cm. On the market since 2011, the model is no longer offered by the manufacturer Avio. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.
