

Barco CNWU 61B

BARCO CNWU 61B

The Barco CNWU 61B stationary 3D BrilliantColor DLP projector has 6000 Ansi lumens, a contrast of 6500:1 and a WUXGA 1920 x 1200 resolution. The integrated lens shift gives you freedom when positioning the projector. 6000 Ansi lumens ensure that a picture width of 787 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. Playing 1080P and 3D is also no problem for the projector. On the market since 2013, the model is no longer offered by the manufacturer Barco.
