

Barco DP2K 15C

BARCO DP2K 15C

Brief Introduction

Beta 2.5

A brief introduction to the DP2K 15C: The Barco E-Cinema DLP projector offers 14500 Ansi lumens, a contrast of 2000:1 and HD2K 2048 x 1080 resolution. 14500 Ansi lumens ensure that a picture width of 1049 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 699 cm. Playing 1080P is also no problem for the projector. On the market since 2010, the model is no longer offered by the manufacturer Barco, but is still very popular in our projector database. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither original nor replicas.
