

Barco Vision 9200

BARCO VISION 9200

The Vision 9200 LCD for large events has 5000 ANSI lumens, a contrast ratio of 340:1, and a resolution. An image width of up to 616 cm is possible; if the image width is smaller (we recommend max. 411 cm), rooms with residual light are also no problem. It was launched in 1997 and is no longer offered by the manufacturer Barco, but is still very popular in our projector database. It should also be noted that, unfortunately, there are no longer any replacement lamps available for the projector, neither original nor replica.
