

# Benq GS2

BENQ GS2

The Benq GS2 model is a DLP LED projector with HDTV 1280 x 720 resolution and a contrast of 100000:1. The lifespan of the LEDs is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. 500 Ansi lumens ensure that a picture width of 227 cm is also possible. However, if room light is available, the picture should be a maximum of 151 cm wide. Playing 1080P is also no problem for the projector.
