

Benq LH770

BENQ LH770

The LH770 at a glance: The Benq Stationary 3D Laser DLP Projector offers 5000 ANSI lumens, a contrast ratio of 20000:1, and HDTV 1920 x 1080 resolution. The manufacturer specifies a laser lifetime of 20,000 hours, which equates to over 13.7 years at 4 hours per day. The projector also offers a lens shift function that makes image setup childs play. The model offers a microphone jack and 10W speakers, so no additional audio equipment is required for presentations or training sessions. An image width of up to 718 cm is possible; if the image width is smaller (we recommend max. 479 cm), even rooms with residual light are no problem. Furthermore, it is Full HD 1080P and 3D compatible, and can therefore project Blu-rays onto the ceiling thanks to its 360° projection. It was launched in 2018 and is no longer offered by the manufacturer Benq.
