# Benq MW665+

BENQ MW665+

| | |
|---|---|
| Brief Introduction<br>Beta 2.5 | The Benq MW665+ 3D BrilliantColor DLP projector has 3200 Ansi lumens, a contrast of 13000:1 and a WXGA 1280 x 800 resolution. The lamp has a service life of up to 4000 hours, which is equivalent to over 5.5 years at 2 hours per day. The horizontal and vertical keystone correction provides leeway when setting up. A picture width of up to 575 cm is possible. However, the picture should be smaller in room light. We recommend max. 383 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The projector can also play 1080P and 3D without any problems. The projector was launched on the market in 2014 and is no longer sold by the manufacturer. |
| Display Type | 1 x DLP Chip<br>WXGA 16/10 Ti Digital Light Processing Chip |
