

Benq MW732

BENQ MW732

The Benq MW732 3D DLP projector has 4000 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours every day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 4000 Ansi lumens ensure that a picture width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. Even 1080P video signals and 3D are no problem for the projector.

1 x 0,65" DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip

Projector	4000	Screen	1600 Lux (200 cm Screen width)
Contrast	20000:1 full on/off		20000:1 full on/off
