

Benq PW9500

BENQ PW9500

Brief Introduction

Beta 2.5

A brief introduction to the PW9500: The Benq stationary 3D DLP projector offers 6500 Ansi lumens, a contrast of 2800:1 and a WXGA 1280 x 800 resolution. The integrated lens shift gives you freedom when positioning the projector. The projector can illuminate a screen width of 819 cm well. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 546 cm here. Furthermore, the projector can play 1080P without any problems and even has the option of projecting HD 1080P Blu-rays onto the ceiling using 360° projection. It was launched in 2014 and is no longer offered by the manufacturer Benq.
