

Benq TH585P

BENQ TH585P

With the TH585P, manufacturer Benq offers a standard portable DLP projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The manufacturer Benq specifies a lamp life of 10000 hours, which converts to over 13.7 years at 2 hours per day. Thanks to the brightness of 3500 Ansi lumens, a picture width of 601 cm is possible. The projector will also create slightly brighter rooms with a smaller image width (we recommend max. 401 cm). In the event that the image is still too small, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Playing 1080P and 3D is also no problem for the projector.
