

Blitzwolf BW-V2

EAN/UPC:5999571644278

BLITZWOLF BW-V2

A brief introduction to the Blitzwolf BW-V2. The standard portable LCD LED projector has an HDTV 1920 x 1080 resolution and a contrast of 1000:1. Thanks to the LEDs, the projector has a light life of up to 50,000 hours, which is 34.2 years if enjoyed for four hours a day. The integrated media player can play files directly. 200 Ansi lumens ensure that a picture width of 144 cm is also possible. However, if room light is available, the picture should be a maximum of 96 cm wide. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Video signals 1080P and 4K (compressed) are also no problem for the projector.
