

# Boxlight Cambridge X33N

BOXLIGHT CAMBRIDGE X33N

With the Cambridge X33N, manufacturer Boxlight offers an LCD projector with XGA 1024 x 768 resolution and a contrast of 15000:1. The lamp life is specified by the manufacturer as 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. The horizontal and vertical keystone correction provides leeway when setting up. The projector can illuminate an image width of up to 500 cm thanks to its 3300 Ansi lumens. In room light, however, the image width should ideally be less than 333 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Even 1080P video signals are no problem for the projector. This model is no longer offered by Boxlight.

## Brief Introduction

Beta 2.5

## Display Type

3 x 0,63" LCD TFT Panel  
XGA 4/3 Liquid Crystal Display

## Ansi-Lumen

Projector

3300 / 2300 im Eco Mode

Screen

1100 Lux (bei 200 cm Screen)

## Contrast
