

Boxlight P12 LTW / N12LW

BOXLIGHT P12 LTW / N12LW

Brief Introduction

Beta 2.5

The Boxlight model P12 LTW / N12LW is a DLP laser projector with WXGA 1280 x 800 resolution and a contrast of 10000:1. The service life is 20000 hours due to the laser, which is over 13.7 years with a daily viewing time of 4 hours. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training courses. An image width of up to 618 cm is possible as the projector has 3700 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 412 cm. The projector also offers a whiteboard function that makes training and presentation rooms interactive. The model was built by Boxlight in 2016 and is no longer current.
